(Pt9)Abstract—**These instructions give you guidelines for preparing papers for IEEE TRANSACTIONS and JOURNALS. Use this document as a template if you are using Microsoft *Word* 6.0 or later. Otherwise, use this document as an instruction set. The electronic file of your paper will be formatted further at IEEE. Define all symbols used in the abstract. Do not cite references in the abstract. Do not delete the blank line immediately above the abstract; it sets the footnote at the bottom of this column.**

(Pt9)Keyword—**About four key words or phrases in alphabetical order, separated by commas. For a list of suggested keywords, send a blank e-mail to keywords@ieee.org or visit** http://www.ieee.org/organizations/pubs/ani_prod/keywrd98.txt

Youngbok Cho was born in chungnam, Korea in 1974. She received M.S.and Ph.D from Deptment of computer science, Chungbuk National University, in 2006 and 2012 respectively. She is currently working in the department of computer science, chungbuk national university. Her research interest includes also include network security, medical informaiton security and medical image processing.

Minkang Kim was born on July 30, 1979 in Pohang, Gyeongsangbuk-do, Korea. Based on background knowledge and interest from experience, she wrote a paper about health examination factors, quality of life, etc. Currently, she is conducting research on big data analytics and health promotion. She received a Master's degree in health science at Yonsei University, Korea in 2006, and she is currently pursuing a medical doctorate Ph.D at Chungbuk National University.

Sunghee Woo was born in Chungbuk, Korea in 1968. She received M.S.and Ph.D from department of Computer Science, Chungbuk National University, in 1993 and 1999 respectively. She is currently working in the department of Medical IT Engineering, Korea National University of Transportation. Her major field of study is network security, medical informatics, healthcare, and computer network.
