**Authors Biography**

**Emmanuel Kwesi Baah** is a Ghanaian born in 1992. He is currently a lecturer at Lancaster University, Ghana, and a doctoral candidate at the Department of Computer Science at Kwame Nkrumah University of Science and Technology (KNUST), Ghana. He received his M.Phil. in Computer Science from KNUST. His research interests include the application of deep learning algorithms to computer vision problems, cybersecurity, and business intelligence.

**Dominic Asamoah** is a Ghanaian born in 1960. He is currently a senior lecturer in the Department of Computer Science at KNUST. He received his B.Sc. in 1986, M.Phil. in 2010, and Ph.D. in Computer Science from the Kwame Nkrumah University of Science and Technology (KNUST) in 2017. His research interests include Image Processing and Network Security.

**Frederick Ledi** is a Ghanaian born in 1978. He earned his B.Sc. in Information Technology from the Ghana Institute of Management and Public Administration (GIMPA), Accra, Ghana, in 2008. He has completed his MSc. Thesis at KNUST. His research was focused on building transparent and trustworthy deep learning models for secure systems.

**Anthony K. Sackey** is a Ghanaian born in the year 1987. He received an M.Sc. degree in Information Technology from Kwame Nkrumah University of Science and Technology, Ghana. He is currently a lecturer at the Department of Computer Science, Ho Technical University, Ghana, where he has been working since 2020. He is also currently pursuing a PhD in Information Systems at the University of South Africa. His research interests include Machine Learning, Educational Technology, Human-Computer Interaction, and Learning Analytics.

**Eric A. N. Boamah** is a Ghanaian who was born in 1999. He graduated from Kwame Nkrumah University of Science and Technology (KNUST), Ghana, in 2022, where he pursued a B.Sc. Computer Science. He has been working as a private software developer and is currently working with SmartTransyt as a field technician. His areas of interest are computer software development and practical applications of machine learning.

**Richard K. Doh** is a Ghanaian born in 1999. He earned his B.Sc. in Computer Science from the Department of Computer Science, Kwame Nkrumah University of Science and Technology (KNUST), Kumasi, Ghana, in 2022. He is currently an M.Phil. candidate and serves as a Research Assistant at KNUST. His research focuses on computer vision, sign language translation, and real-time object detection.
